

22nd Annual *Pick of the Pen* Bull Sale

Saturday, April 5, 2025 • 1:00 PM
MCDONALD FARMS, BLACKSBURG, VIRGINIA

Welcome to the sale...

Welcome to McDonald Farms 22nd Annual PICK OF THE PEN Bull Sale.

On behalf of everyone with McDonald Farms, it is our pleasure to offer the Bulls listed in the flier. They have been developed in large pastures on a High Roughage diet. The moderate rate of gain is better for structural and reproductive development, but under estimates the true frame score when mature.

We are raising Decathloners and Not Sumo wrestlers. Our Cows work for Us, So Our Bulls Will Work For You.

Feel free to contact me at 540-230-6225 with any questions.

Bulls will be on display at 10:30, Beef Brisket Lunch at 12 and Sale starts at 1pm. TeleAuction available, contact me.

Looking forward to seeing everyone on April 6th,
Bill McDonald

All bulls selling are homozygous black and homozygous polled.

WE ARE IN THE PERFORMANCE ADVOCATE AND THE WITH THE ASA. WE ARE ALSO MEMBERS OF AGR.

Performance Advocates submit complete data on all calves
Performance Advocates are recognized annually in the Register
Performance Advocates gain the privilege of using the Performance Advocate logo

Whether you are a seedstock or commercial producer, ASA has a THE option that will fit your objectives and budget. ASA's THE dam inventory program has three different enrollment options available, making it easier than ever to find the best fit for your herd. By choosing one of the THE options, you will become part of the world's largest multi-breed genetic evaluation and database.

Allied Genetic Resources (Allied) was created to help you market your cattle more effectively, and thus have the greatest opportunity to achieve the goals for your operation. You are producing the right product, in the right way and you should be rewarded for that with more profits and more opportunities. We are excited about the opportunity to leverage the strength, size and scope of this group to provide improved marketing outlets for your cattle.

MCDONALD FARMS BULL MANAGEMENT

We believe that the natural resource of forages in this area is our greatest asset when it comes to livestock production. We strive to produce cattle that can utilize this resource to optimal levels. We also know that our end product must meet or exceed the expectations of all our customers, from the commercial cattle producer, the feedlot operators, the packers and our ultimate customer the consumer. We have selected these cattle for calving ease, growth performance, milking ability, carcass quality, and calm disposition. They have been performance tested on forage rations in big pastures. We want to produce Decathloners and not a Sumo wrestler. They have been tested to be BVD-PI free, AMF/NHF/CAF, and ultrasounded. They have passed Breeding Soundness Exams and Semen tests. They are stout strong bulls ready to go to work.
